J. Preedy & Sons Limited - Terms and Conditions of Sale

REV. Jan 2007

1. **General** - The following terms and conditions of sale apply to all quotations, estimates, contracts and sales made between J. Preedy & Sons Limited (The Seller) and any customer or purchaser (The Buyer) for goods or services supplied or provided by the Seller. Subject to the provisions of the Unfair Contract Terms Act 1977 all prices for goods or services are quoted on the basis that contracts entered into will be based on these conditions. Any variation to these conditions must be negotiated by the Buyer prior to the placing of any order. Any terms or conditions of purchase on orders from Buyers will be of no legal effect insofar as they conflict with the Seller's terms and conditions of sale.
 2. **Establishment of Contract** - Any quotation or estimate given by the Seller is only an invitation to the Buyer to make an offer, and no order shall become binding on the Buyer until it has been accepted by the Seller in writing.
 3. **Prices** - Unless otherwise agreed in writing on the acceptance of order, any price quoted by the Seller or stated on a Buyer's order will be invoiced at the price ruling at the date of delivery of goods or provision of service. Any delivery of goods or provision of service will be subject to a minimum charge of £10 not including VAT. All prices quoted or charged are exclusive of Value Added Tax which will be added at the rate applicable at the date of invoice or tax point.
 4. **Delivery and Carriage** - Any indication by the Seller on a quotation or otherwise of a time for delivery is not guaranteed and no liability will be accepted by the Seller for late delivery. Unless otherwise stated on a quotation or acceptance of order, carriage will be charged in addition to prices quoted or charged. Insurance during carriage shall be effected as agreed between Buyer and Seller but in the absence of any agreement insurance shall be the responsibility of the Buyer. We reserve the right to alter carriage charges without notice in the event of fuel charges being imposed by our couriers.
 5. **Returns and Queries** - All queries on invoices must be communicated to the Seller within 10 days of the date of invoice. In the event of goods being subject to damage or shortage the Buyer shall give written notice to the Seller within 3 days of the receipt of the delivery advice from either the Seller or the Carrier. All goods returned are subject to a restocking charge and must be in the original packing. Products in polished finishes, i.e. Brass, Stainless Steel & Gold cannot be returned or credited once packings are opened.
 6. **Credit Accounts** - All orders from Buyers who do not hold an approved credit account with the Seller are required to provide payment in full to accompany orders in advance of delivery of goods or provision of services and payment must include all packing and delivery costs.
 7. **Alteration of Specifications and Products** - The Seller reserves the right to change specifications or withdraw or add products and services from catalogues and price lists without notification to Buyers unless otherwise agreed in writing on acceptance of order.
 8. **Payment** - Unless otherwise agreed in writing prior to the placement of any order by the Buyer payment for goods or services supplied shall be made in full not later than the end of the month following the month of invoicing. Payment according to terms is of the essence of the contract and in the event of non payment by the Buyer according to terms the Seller reserves the right to withhold further deliveries of goods or performance of services until payment of all monies due to the Seller have been received. The Seller further reserves the right to charge to the Buyer interest on all overdue accounts at the rate of 4% over Barclays Bank plc base rate.
 9. **Title** - Property in the goods shall not pass to the Buyer until both the purchase price of the goods has been paid in full and payment is made to the Seller of any sum which is at the date of the contract or may thereafter become due from the Buyer to the Seller. Until property in the goods has passed to the Buyer the Buyer will hold the goods or their proceeds of resale in a fiduciary capacity. Although the ownership of the goods remains with the Seller until goods are paid for in full, the Buyer will accept the risk in the goods and will insure them. The Buyer will keep the goods separately identifiable and grants an irrevocable licence to the Seller to enter on to the Buyer's premises or other site where the goods are stored with agents and vehicles if appropriate to recover the Seller's property.
 10. **Force Majeure** - In the event of the Seller being unable to perform all or any part of the contract due to force majeure, the Seller shall be excused performance subject to the Seller undertaking to take all action to mitigate or remove the reasons for non-performance and to resume performance of the contract as soon as such reasons are removed. Force majeure includes Acts of God, strikes, lock-outs, industrial action, fire, accident, earthquakes, storms, floods, explosion, war or any other circumstance beyond the reasonable control of the Seller.
 11. **Defective Goods** - Within six months of the date of purchase the Seller will replace free of charge any goods which are defective subject to the Buyer notifying the Seller in writing within 7 days of discovering the defect and subject to the goods not having been improperly installed, subjected to misuse or any form of unauthorised repair. The Seller shall not be liable for any consequential costs incurred by the Buyer as a result of any defective goods. The Seller's liability in respect of defective goods is strictly limited to replacement of the goods or reimbursement of the original value of the goods subject to the aforementioned conditions. Nothing in these conditions will exclude the Seller's liability in respect of death or personal injury resulting from the negligence of the Seller or its employees or agents.
 12. **Right to Subcontract** - The Seller reserves the right to Subcontract any part or all of the contract.
 13. **Termination** - The Seller reserves the right to terminate the contract in the event of the Buyer failing to pay sums due to the Seller or if the Buyer breaches any terms of the contract or if the Buyer suffers distress or execution, commits an act of bankruptcy or is unable to pay its debts within the meaning of Section 123 of the Insolvency Act 1986.
